FOUNTAINS - Men of seknowledged taste, whose judgment in matters of adornment is acepted as the standard, unite in the declaration hat no matter how tastefully grounds about a private residence are arranged, they are not coplete without a Fountain. Those who have not the means to put up Fountains may be excased for not having them upon their grounds, but gentlemen who are able, and who are posted in matters of adornment, have no reasonable excuse for not having fountains. It would insult them to tell them they have no taste; and they would be offended were the hint offered

street just below 4th, by Mr. Ogden, a first class plumber who has come to our city for the purpose of establishing himself permanently in the business. The Fountain is placed centrally the business. The Fountain is placed centrally in the ample and tastefully arranged grounds of Mr. L., and is in full view from the street. The structure is built of cast iron, and is of the most. by the designer. The lower pan is supported by four sphynxes, that rest on the base; the second and third pans are supported by figures of Venus, while the entire column severy beautifully ernamented from the base; the highest jet. Four smaller columns ascend from the base, equi-distant from the centre; they are in the same style of elegance with the centre, and are similarly supported. The is made of cement, and is about 14 inches in depth. A filter pipe lets the water off pure through a pipe into the cistern when it obtains a depth of about 10 inches, so that only enough proper effect to the entire piece, and the overflow is made to subserve the purposes of the laundry.

The reservoir from which the fountain is supplied with water is securely placed in the attic of the building, and is supplied from the roof in Missouri and other western states, and the reservoir holds 580 gallons of water, and was seeing filled by yesterday's rain. A waste pipe which conducts rain from the roof to the distern.

Saturday, Oct. 15. Ker. 1995, 1104, 1105, 1112, 1123, 1123, 1123, 1123, 1124, 1124, 1124, 1124, 1124, 1125, 1124, 1125, 1124, 1125, 1124, 1125, prevents it from overflowing into the attic. The ater from the reservoir after subserving the

WE RESPECTIVLLY INVITE THE

TO OUR OPENING OF FALL AND WINTER

SATURDAY, OCTOBER FIRST!

W.I.VTED:

Mr. P. Johns Pol Britan Cold Cold Cold eame, our hair has been gradually failing out, until entire baldness threatened us. We have tried to stone remedies, but without any good result. We were induced to try year, "Restoration" by hearing it highly spoken of by those, who had used it, and who assured us that it had the effect of bring-

Peter Josse's Sinip Restorative

ing afnew and vigorous growth of hair spon to plainly visible in the renewed growth of halr war we were fast begoning hald. We cannot recomme the Restorative too highly.

Yours, Iruly.
